

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 22 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Dry at first. Unsettled from midweek.

This Evening and Tonight:

Cloudy and breezy in the northwest with some light rain or drizzle on coasts and hills. Dry elsewhere with cloud breaking to allow frost and a few fog patches across parts of the south.

Tuesday:

Dry in the south and east with mostly cloudy skies; some sunny spells possible. Cloudy elsewhere with drizzle on western hills before heavy rain and gales reach the far northwest.

Outlook for Wednesday to Friday:

Unsettled with strong winds and showers in northwestern areas, mostly fine with variable cloud elsewhere. On Friday heavy showers likely across the UK, with these turning wintry in the northwest.
